

# 2008 ALL SAINTS' PARISH SURVEY SUMMARY\*

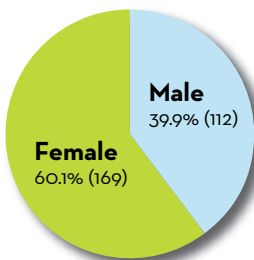

All Saints' conducted a parish survey as part of the rector search process. The survey included 44 questions that asked parishioners to rate the relative importance and effectiveness of various aspects of church life. The survey also provided parishioners with an opportunity to indicate what they would like in the new rector. The complete survey results are available at [www.allsaintsbh.org/parishsurvey.html](http://www.allsaintsbh.org/parishsurvey.html). 331 responses provided the following demographic information:

## Age

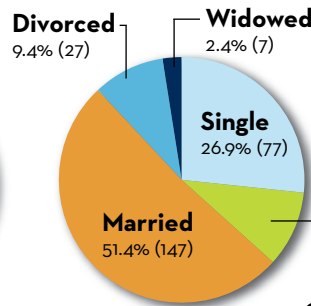

percent% (count)

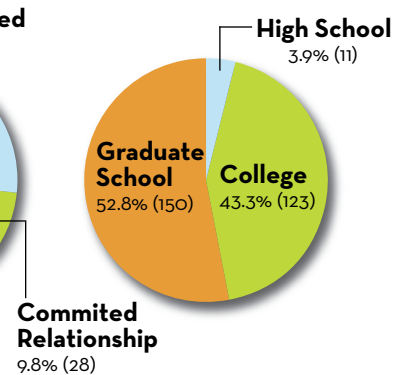

## Gender

## Marital Status

## Education

## Common zipcodes of survey respondents

22302	90006	90025	90039	90064	90209	90250	90403	91040	91307	91401	91505	92810
33629	90012	90026	90042	90066	90210	90265	90404	91101	91320	91403	91601	93543
74134	90018	90027	90045	90067	90211	90272	90405	91106	91335	91405	91602	94104

## Preferences for our next Rector:

- No preference as to gender, age, marital status or sexual orientation.
- Most prefer that the next Rector previously held the position of Rector at a large parish, has strong administrative skills, and has deep knowledge of the Bible. - Most do not have a preference that he/she has had experience at a suburban parish.
- Most do not have a preference regarding how long our next Rector should be ordained (however, 9-14 years was a close second place). A large majority of survey participants want both genders to be represented in our clergy.

## Top SIX categories desired in the new rector:

Preaching	80%
Teaching	54%
Spiritual Guidance	54%
Theology	52%
Administration	45%
Christian Education	38%
